

THE INTERNATIONAL MISSION SCHOOL
PRECEPT MINISTRIES EURASIA

Fulfilling the Great Commission in our generation

The coming of our Lord Jesus is near, and our generation still has the calling, duty and privilege to take part in the fulfillment of the Great Commission. Read the following texts and answer the questions below.

Mathew 28:16-20

What is the main purpose of the Great Commission?

What is a disciple, according to what Jesus said?

What are the limits for fulfilling the Great Commission?

Who gives us strength to fulfill the Great Commission and How?

Acts 1:1-8

Why did Jesus command His disciples not to leave Jerusalem at that time?

What were the disciples concerned about?

What did Jesus say should be their concern(and ours)?

Who empowers us to be witnesses of the Lord Jesus?

What are the limits of mission, according to the words of the Savior?

What did Jesus Christ say about the methods we should use to evangelize and make disciples?

From what you know from the Bible, what were the methods used by the apostles and the first christians for evangelism and discipleship?

How can we measure the efficiency of the methods we use for missions, according to the Great Commission?

Read the following verses and write how should we use the opportunities that God gives us to make disciples?

Ephesians 5:15-17 (*time in verse 16 - καιρός – season, timely, not a succession of periods of time which is χρόνος*)

Colossians 4:3-6 (*time in verse 5 - καιρός*)

Mathew 10:16 (*wise – φρόνιμος – cautious, sensible, wise in practical way in the relationship with others*)

What opportunities does God give you to make disciples, and how do you use them?

What do you need to change, learn and undertake to make more disciples for Jesus Christ?

What is the International Mission School - Precept Ministries Eurasia?

The International Mission School - Precept Ministries Eurasia from Moldova prepares Christian ministers to do mission through sports and journalism. Founded in 2012, the school managed to launch over a hundred missionaries, who make discipleship through Taekwon-do, Soccer, Fitness, and Journalism in 15 countries of the world.

The school emphasises on studying the Holy Scriptures thoroughly using the Inductive Bible study method and prepares Christian workers to teach and preach the Word of God.

Along with the spiritual preparation, the students benefit from intensive professional training, based on the faculty they choose. All the teachers are experts in their areas and experienced missionaries. The school is equipped with latest generation equipment.

The school program includes many practical mission assignments. Divided in small groups, the students are sent to different localities throughout the country to share the Gospel.

In their first practical assignment the students visit an evangelical church to evangelize the people of that particular community.

During the second missionary journey, the students visit localities that don't have an evangelical church and share the Good News with the people. The purpose of this assignment is to identify opportunities for planting a church after their graduation from the mission School.

The third practical assignment for the students is to do a one week Vacation Bible School for children evangelism. The students identify the localities for the camps and establish partnership relations with the local authorities and people.

TAEKWON-DO

At this faculty the students are trained according to the traditional Taekwon-Do program (ITF, GTF). Every day there are 4 hours of training, and at the end the graduates will take the exam for black belt I dan and will receive certification from the International Taekwon-do Federation. Missionaries are trained as instructors and are equipped with all the necessary skills for the missionary work through sports.

"Here I found instructors and teachers who are fully dedicated to God and serve Him with great zeal through sports. Their example greatly motivated me to persevere in this direction. After returning to Alma-Ata, I opened two Taekwon-Do groups, where I train children, presenting Christ to them and systematically teach them the Word of God." (Hakim Sitmuhamedov, student from Kazakhstan)

"It is a very practical school, which helped me to start two Taekwon-Do groups during the year with 66 students whom I teach everything I acquired at this school." (Dumitru Illescu, student from Moldova)

SOCCER

At the Soccer faculty students are trained to become coaches according to the UEFA program.

"At the International Sports Coaching School (ISCS) I have developed a lot of qualities needed for missions through sports. Coming to the school I had no idea how could I share the Gospel through soccer which I love so much. Here I learned how to lead the trainings and how to teach the Bible. The school helped me grow spiritually and inspired me to do missions. Thank you so much for this school."
(Elena Serdteva)

"At this school I learned how to coach kids. I was very impressed by the good example of a true Christian that I saw in my instructors. I was specially moved by the behavior of our coach who treated us as his own children. I learned how to make disciples and as soon as I got home, to my village, I started a group of 40 kids and now I teach them the Scriptures and work on planting a church there."
(Gheorghe Moldovan)

FITNESS

This faculty prepares instructors who will do missions by opening sports clubs and teaching of fitness programs such as: Tae Bo, Step-Aerobica, Pilates, Shaping. Also during the three years the students will receive knowledge in anatomy, biochemistry, the theory of sport, sports medicine and physiology.

"I've practiced sports for all my life and work as a fitness instructor for 15 years. There were hundreds of women who went through my trainings. Every woman wants to be healthy, beautiful and appreciated. Working in this field, I understood one thing: we can become truly happy only if we have a strong relationship with God, because from the moment I accepted Christ, my life has changed. I have a purpose and a wonderful future. All of these things I gained in Christ. My desire is to help those women who are looking for this kind of happiness by directing them to the Lord Jesus." (Tatiana Mirgorodschi, Moldova)

"All women want to become beautiful and healthy. The girls who come to study at this faculty learn how to help women become beautiful and healthy not only physically, but also to teach them the Word of God and how to have a beautiful soul."

(Iulia Gontari, Moldova)

"This school taught me to make my calling as a Christian the number one priority in life. As I studied the Word of God my fear and uncertainty to share the Gospel disappeared. Coming home from the school I started a fitness group of four people and we are studying together "God, are you there" Inductive Bible study on the Gospel of John." (Svetlana Amosova, Kazakhstan)

JOURNALISM

The faculty of journalism comes to equip Christians with the most advanced knowledge for sharing the Gospel by means of mass-media. The students learn how to create, launch and manage websites for churches, missions and other Christian organizations, how to use social media, write quality content, to produce news, professional photography and movie making. The faculty is equipped with modern equipment of the latest generation. Teachers at this faculty are experienced Christian journalists and technicians from Moldova and other countries .

"The International Media School became a huge blessing for my life and my ministry. A couple of years ago God put on our hearts to start a Christian newspaper for people in the South of Moldova. Along the way we encountered many difficulties due to our lack of knowledge and experience. That's why, when I found out about the Media School, I realized that it was exactly what I needed and the answer to my prayers. Here I learned how to write good content for the newspaper and as a result it became more attractive to the readers."

(Snejana Diulgher, Moldova)

"I like that everything we learn we are sent by our teachers to practice immediately. I pray that God will reward all the teachers for all the investment they make in our lives."

(Alexandru Maico, Moldova)

The classes will take place at **the Recreation and Training Center “MoldTeleCom”** near Ivancea village.
